

**Dr Haris Ahmed**

**Position:** Consultant Physician

**Specialism:** Diabetes and Endocrinology

**What is your position within your organisation:** Consultant Lead for Diabetes Technology

**What is your current role(s) and relevant experience of/interests in diabetes:**

I have been a consultant physician in Endocrinology for last 8 years. I have developed a special interest in antenatal diabetes and diabetes technology at my hospital. I have developed pathways, guidelines, SOPs in this domain. I have taken part in research in diabetes and have a PI for an NIHR on neuropathy. I also work at the University wherein I teach Year 1 and Year 2, support them with their academic progress, research modules and write and deliver lectures to the University. I have experience with reviewing and writing papers.

**What is your involvement in ABCD activities to date:**

I have attended a few conferences and my SHOs have presented abstracts and oral presentations at ABCD. I have participated in National audits rolled out by ABCD. I have used ABCD resources such as information leaflets, guidance, DTN educational modules to help me develop local resources for HCPs/patients.

**Please tell us why you want to stand for election and what you feel you can contribute to the ABCD Committee:**

I am a good team worker. I would like to get involved with ABCD activities such as audit, writing of guidance, publication of research, attend regular meetings, whilst actively networking with ABCD colleagues to support them with any domain that requires support/development.

**Name of Endorser 1:** Scott Williams

**Name of Endorser 2:** Jane Bridges
