

INVITATION TO A UNIQUE **FREE** NATIONAL WORKSHOP THURSDAY 23RD JUNE 2016

WHY IT IS UNIQUE

- For the first time the ABCD, DUK, NHSCC and local AHSN/Clinical Networks will run four Regional Workshops in London, Leeds, Derby and Wolverhampton. These will be streamed live via the internet so presentations from the London or one of the other Workshops will be transmitted to everyone else and a live two way discussion will follow.

WHO SHOULD ATTEND

- All Primary and Secondary Care Clinicians
- CCGs and Specialised Commissioners
- Medicines Management and Pharmacist Leads

WHO YOU SHOULD ATTEND 'DRIVING QUALITY OUTCOMES IN DIABETES CARE' ON 23RD JUNE 2016

- Updates from internationally acclaimed speakers returning from the ADA (American Diabetes Association), other international and UK best practice and new clinical developments.
- Hear commissioners on the impact of the CCG Improvement & Assessment Framework Diabetes results due end of June.
- Provide time for Clinicians and Commissioners to engage and discuss how **TOGETHER** they can transform, innovate and deliver high quality Diabetes services.
