ABCD CESR Application Support and Development Workshop 2024

Dr Mamta Joshi

Consultant Physician, Endocrinology & Diabetes
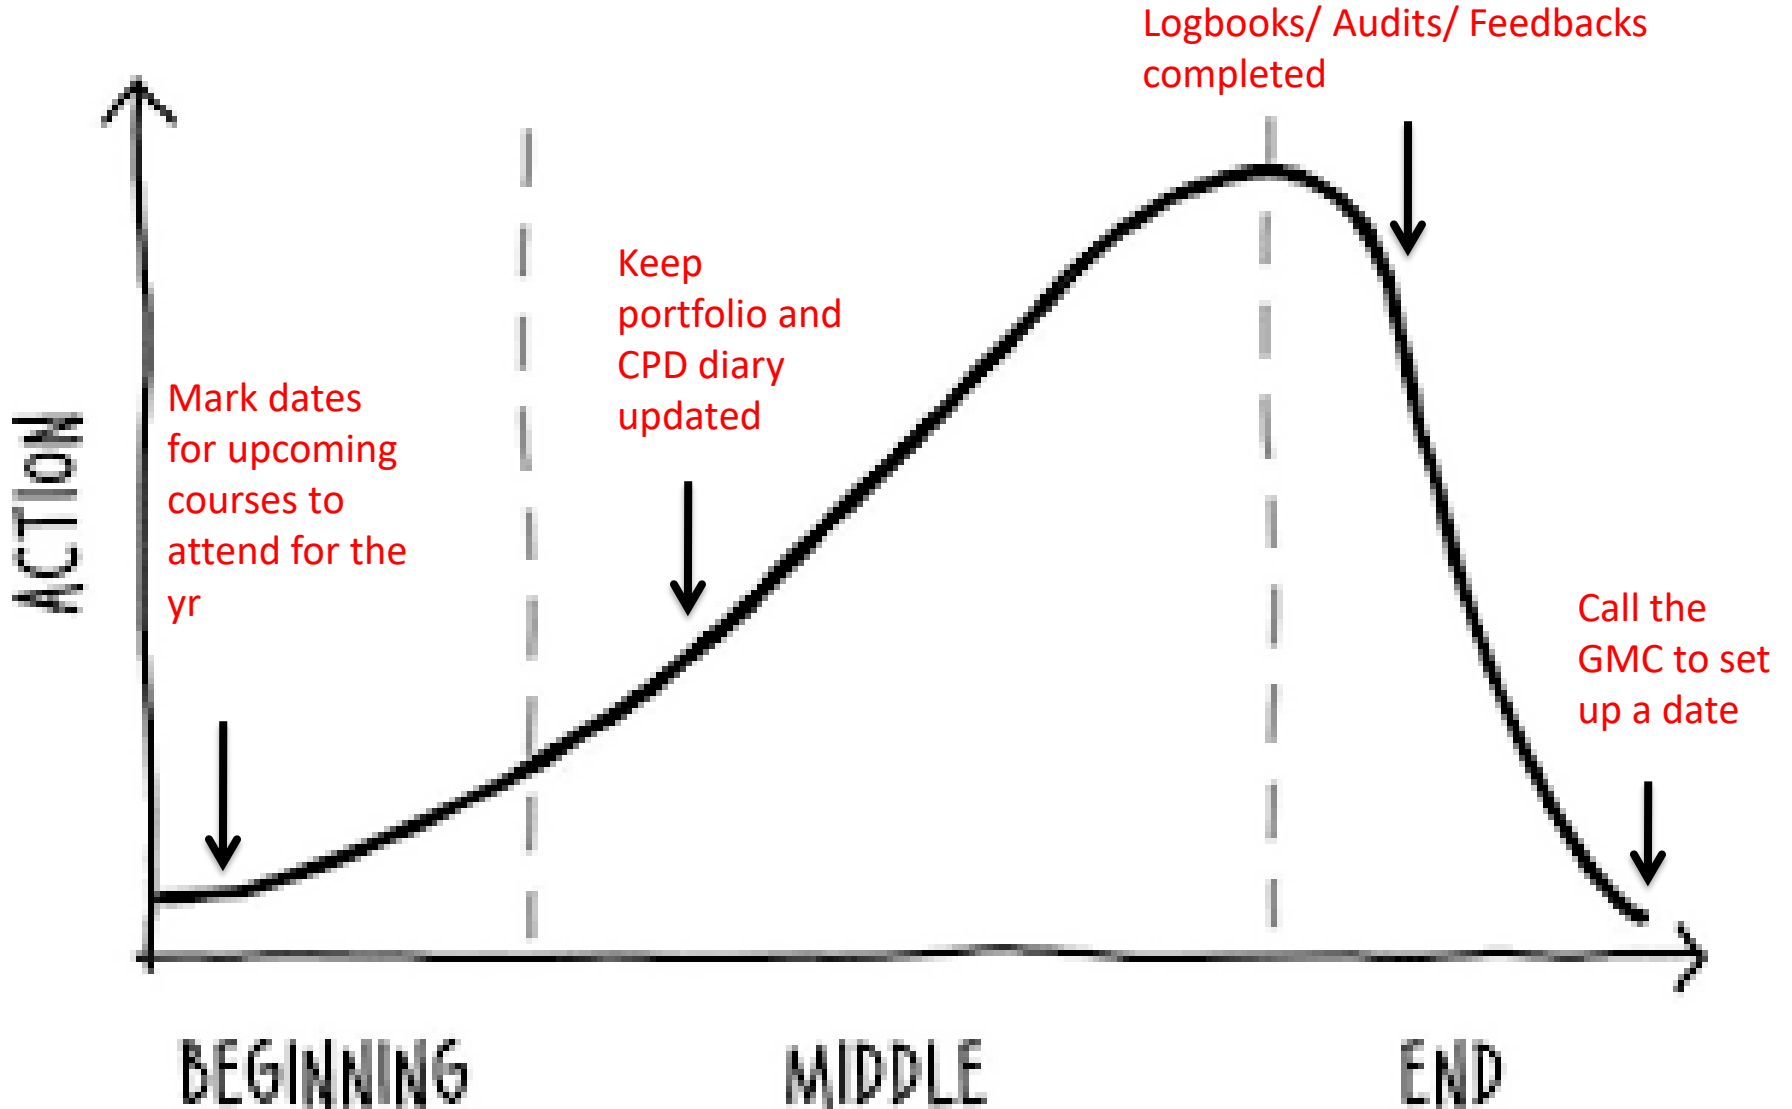

Where do I start ?

"Make up your mind! It's either 'Yea' or 'Nay', but not 'Naybe.' "

Useful strategies

- Start recording all clinical and educational activities in NHS **e-portfolio** and match it your speciality curriculum

- Start planning a few **Clinical Governance and Audit** activities within the speciality

- Start planning for a few **teaching and training** activities

- Having undertaken the **Speciality Certificate examination** in the given speciality helps a lot

- Start maintaining a **log book** of patients and MDT

- Start maintaining a **CPD diary**.

- Collect patient and colleague **feedbacks** as time goes by.

- Ensure you have regular **appraisals** and records for the same

- Ensure you have **Consultant feedbacks** in the form of MCRs

- Ensure you have an uptodate **ACLS/ATLS or similar Resus qualification**

Set timelines

Logbooks/ Audits/ Feedbacks completed

Keep portfolio and CPD diary updated

Mark dates for upcoming courses to attend for the yr

Call the GMC to set up a date

ACTION

BEGINNING   MIDDLE   END

Domain 1 - Knowledge, skills and performance
