## Structuring your CV for a specialist or GP registration application

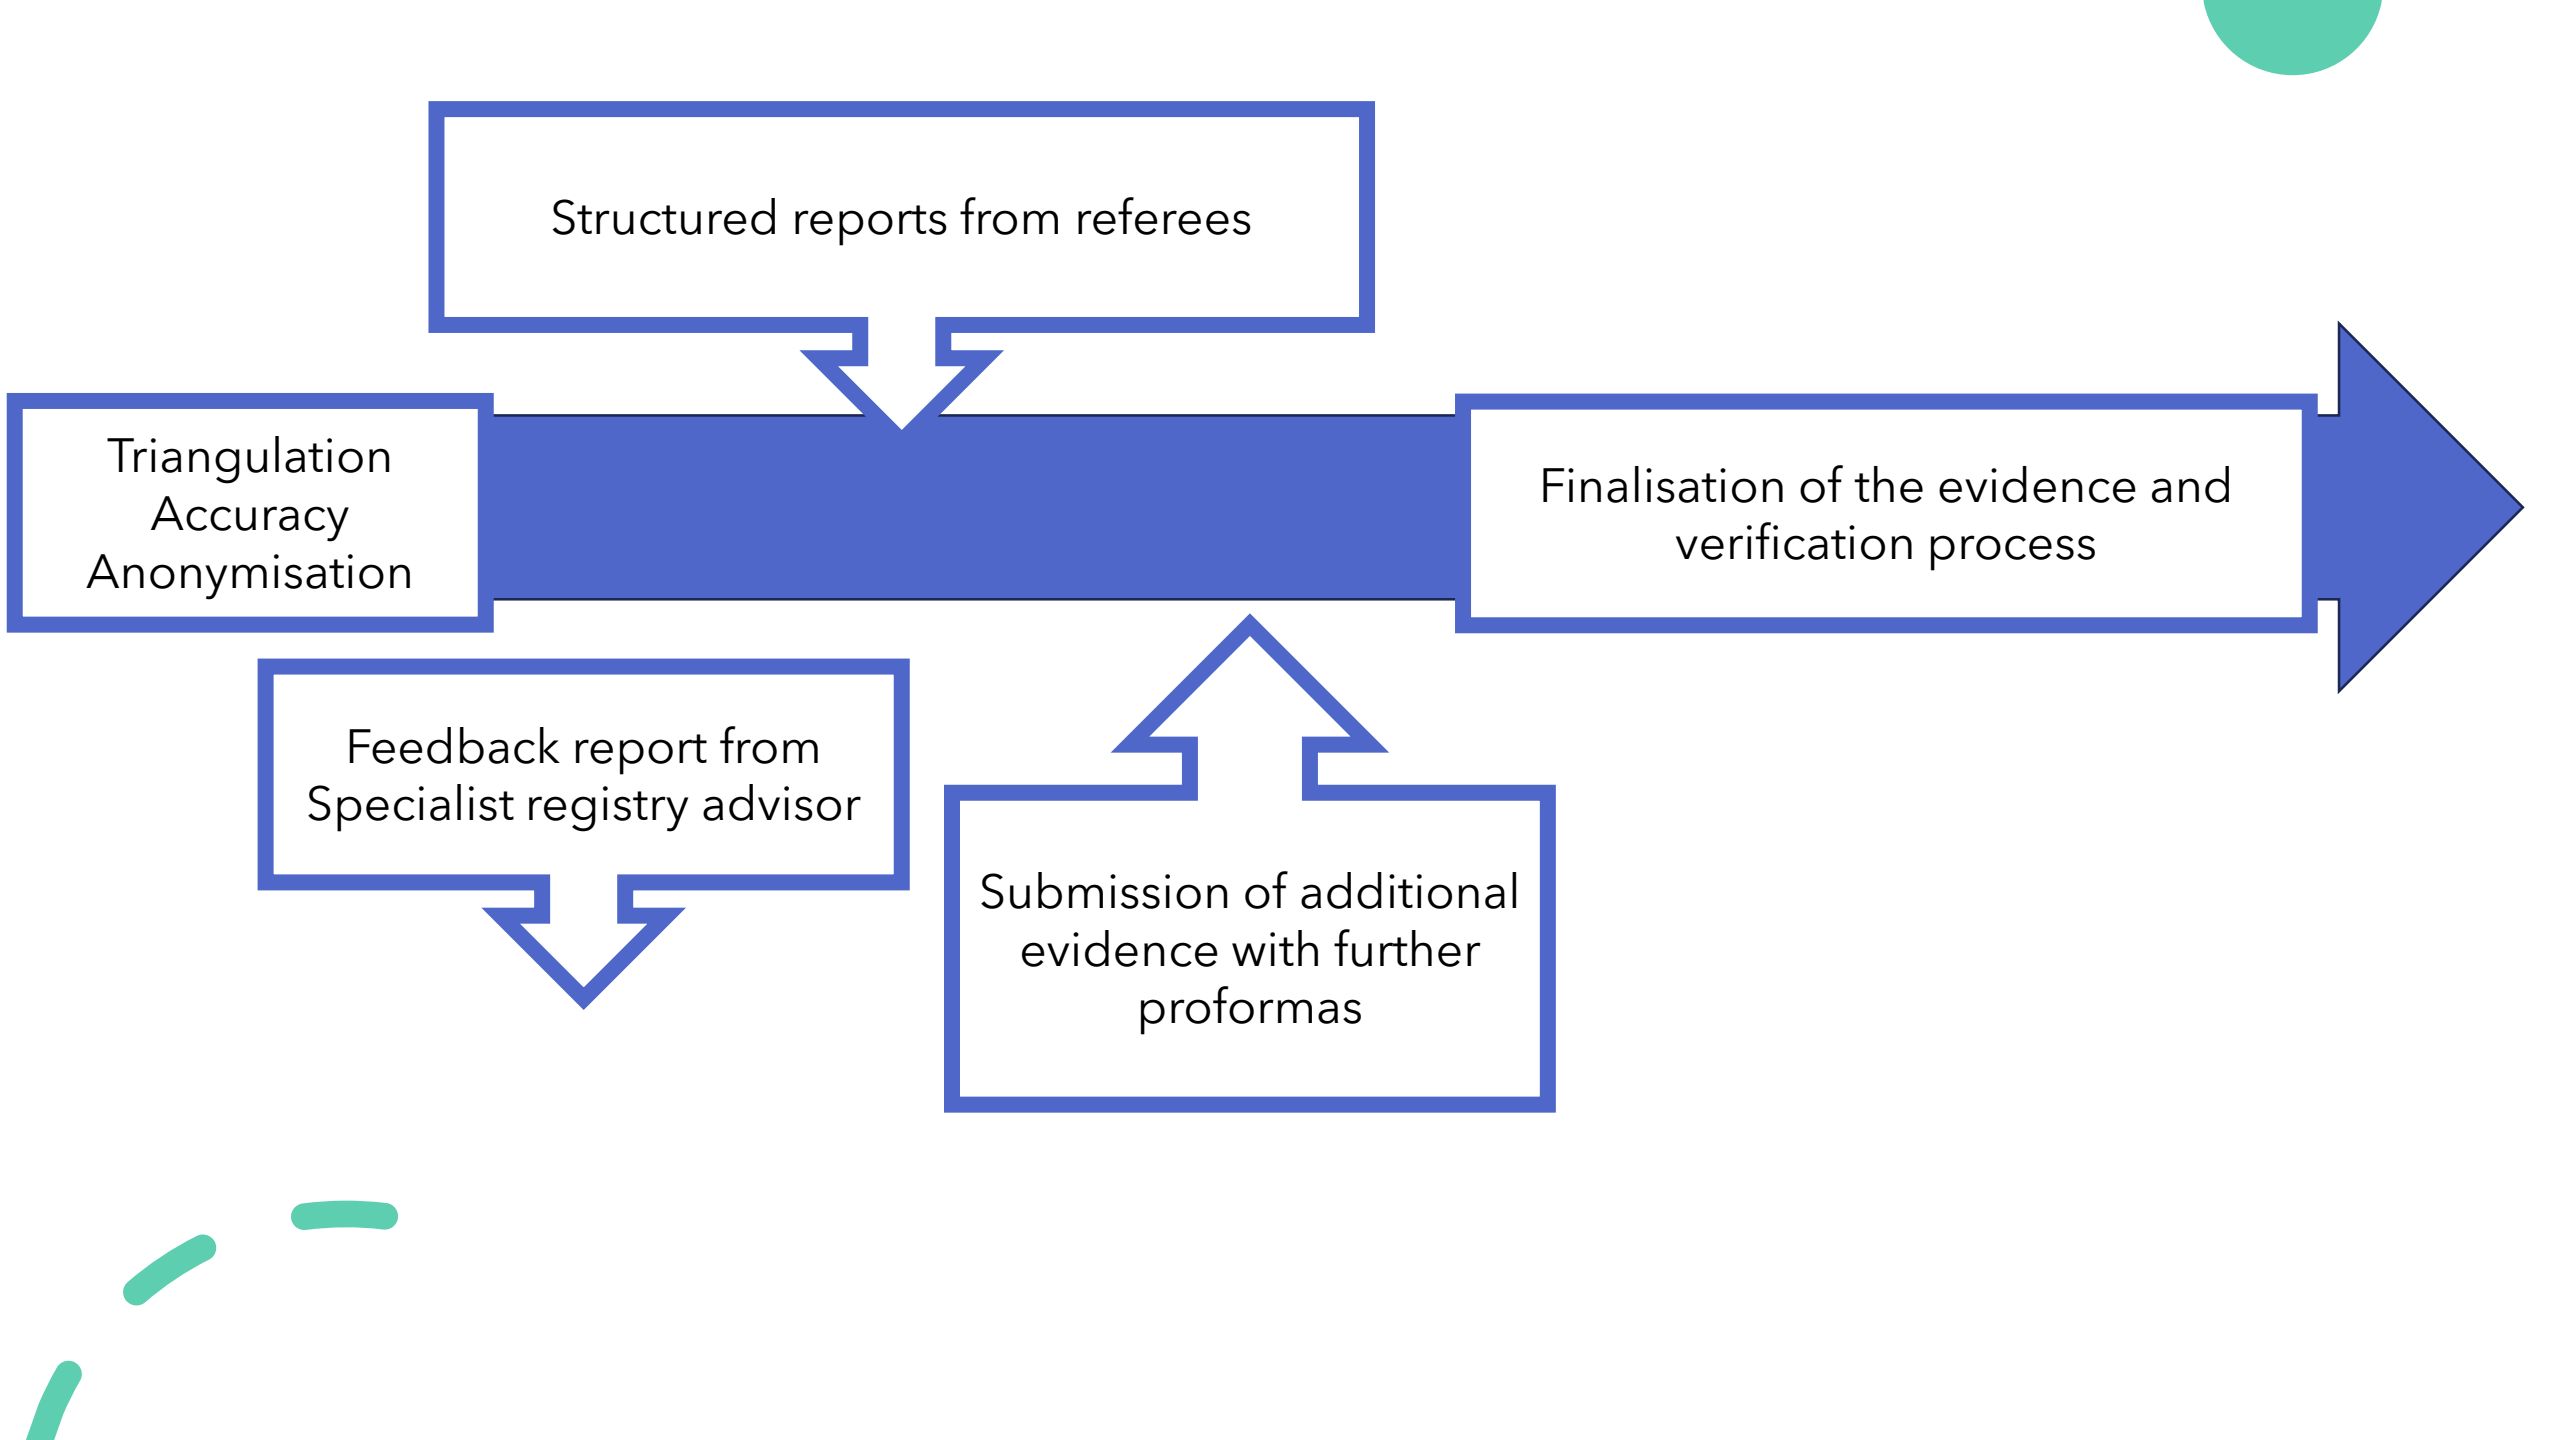

### Writing a CV

# Opening up the GMC online application

- Online guide that directs step wise
- Payment not required to start the process
- Application in the portal can be maintained for up to a year
- Evidence uploaded becomes read only

# The process

Structured reports from referees

Triangulation  
Accuracy  
Anonymisation

Finalisation of the evidence and verification process

Feedback report from Specialist registry advisor

Submission of additional evidence with further proformas

# Hindrance

- Technical discrepancies in grouping the evidence: GMC online application domain/ SSG/ proforma format
- Identifying the evidence that warrants verification
- Bottle neck of upper limit of file/ item numbers and page limit
- Absolute permanent redaction of patient identification details, staff details in selected instances
- Dates in employment letters/ CV/ application should match.
- Translation of languages other than English
- Authentication process

# Grey areas

- Verifiers versus referees' roles
- The extent and depth of evidence
- Overlap between certain types of evidence eg- summary list/  
caseload statistics/ patient lists

# Must have versus good to have

- Work based assessments
- Curriculum competency ratings
- Patient survey forms
- MSFs
- Testimonials
- Reflective diary including experience in patient complaints/ AI
- Clinical governance
